#END OVERDOSE

A Time to Remember. A Time to Act.

Friday, August 28, 2026
International Overdose Awareness Day 2026

Greetings Family,

We hope this message finds you well. As we begin preparations for International Overdose Awareness Day 2026, we invite your organization to support this significant event dedicated to honoring those we have lost to overdose.

The theme for this year, “A Time to Remember. A Time to Act.” encourages both reflection on the past and action towards a safer future. Our collective goal is to remember, motivate, educate, and prevent fatal overdoses. To that end, we are seeking active participation from all member organizations and clients as well.

Event Details:

Date: Friday, August 28, 2026

Time: 10:00 AM – 1:00 PM

Location: Pulaski and Lake

To help offset the costs of organizing this event, we request that each member organization contribute \$100.00 by August 1, 2026. Organizations that contribute will have their logo featured on our official banner and will receive two complimentary IOAD T-shirts for staff attending the event.

Please make checks payable to Prevention Partnership, Inc. or you can go to Prevention Partnership’s website www.p2online.net and donate there.

To register to table at this event here is the link:
